

The observation experience log is required by the EWU Department of Occupational Therapy. To apply, applicants are required to complete 40 hours of observation/shadowing/volunteering/working with individuals with disabilities. A sum of 10 hours **MUST** be with an occupational therapist. It is recommended you complete the observation experience in more than one practice setting but not required. Observation hours should be completed within 5 years of application submission date.

Directions:

1. Upload the completed observation log sheet as a PDF in OTCAS under the Documents section in OTCAS.
2. Additionally, Input the 40 hours as well as any additional experiences within the Observation section in OTCAS.

Experience log requirements:

1. Date of experience. If you observe at the same location more than one day, please indicate the dates and hours of each observation experience.
2. Number of hours completed.
3. Site specific information:
 - a. The facility name AND setting type
 (Example: Outpatient: Pediatrics, Schools: Pediatrics, Acute Care: Through the Lifespan, Inpatient Rehabilitation: Adults, Inpatient/Outpatient: Through the Lifespan, Inpatient Mental Health: Adults, Inpatient Hospital Mental Health: Adolescent, Skilled Nursing Facility: Older Adults, Home Health: Adults, Other (Please Specify))
 - b. Supervisor name and contact information (phone number OR email address is acceptable)

* Failure to complete any of the instructions above will result in an incomplete application.

* Other log formats are acceptable **if they include all required information.**
