The Emergency Medical Services field offers students diverse opportunities to gain experience in the world of health care. An Emergency Medical Technician (EMT) certification can open doors for future medical careers, or serve as a stand-alone career in and of itself. A partnership with the Cheney Fire Department offers students a unique opportunity to serve the Cheney community and Eastern Washington university.

For more information contact **Nate Lawton, MS CSCS WEMT**, Wellness and Movement Sciences Department, room PC 233, Physical Education Classroom Building; email: [nlawton@ewu.edu](mailto:nlawton@ewu.edu); telephone: (509) 359-2508.
