

# BS in EXERCISE SCIENCE | CONCENTRATION: PRE-PHYSICAL THERAPY

DEPARTMENT OF WELLNESS & MOVEMENT SCIENCES

AY 2025 – 2026

The following plan of study is a template based on a student coming to EWU with zero credits. Individual students may have different factors such as transfer credits, Advanced Placement, Running Start, or other college credit that will require modifications to the below plan. Please check EagleNET regularly for course schedule information as course offerings may change.

Students should meet and discuss their plan to graduation with their advisor to ensure the best success at EWU.
