Student Success and Course Information

By submitting this form, you confirm that you have read and understood the statements on student success in GIS courses and feel prepared to complete the course. For questions, contact us at pce@ewu.edu.

GEOS 306 – Wildfire Activity Mapping

This class is open to everyone, though prior experience with ArcGIS Pro software is recommended.

GEOS 323 – Geographic Information Systems I: Spatial Analysis for Environmental Sciences

This class is intended as an introduction to foundational GIS concepts and tools, no prior GIS knowledge required to participate.

GEOS 335 - Remote Sensing with Drones

This class is intended for students with a basic understanding of vector and raster management and analysis with ArcGIS Pro.

GEOS 429 - GIS III

This class is intended for advanced GIS students ready to tackle their own independent projects.

GEOS 493 - GIS Portfolio

This class is intended for advanced GIS students ready to gather a portfolio of their own GIS work

Registration

Please select the course(s) in which you would like to enroll in.
