EWS SWE Framatome 2022 Scholarship Application

General Information

The Eastern Washington Section of the Society of Women Engineers (www.ews.swe.org) Administers a \$500 scholarship funded by Framatome Inc. (www.framatome.com). The scholarship is awarded annually to a qualified female engineering student in the rising-sophomore or above classification of undergraduate or graduate school.

Eligibility

- Be a female student who has completed at least one-year studies in an ABET accredited school with the intention to enter the field of engineering.
- Be in position to accept the scholarship toward undergraduate or graduate engineering studies in an accredited school in the fall following presentation of the award.
- Be a woman residing in or attending school in the eastern part of Washington State.

Application Forms

The application form needs to be completed electronically. The link is:

<http://ews.swe.org/scholarshipform.html>

Required Application Materials

All application material will become the property of the Eastern Washington Section of the Society of Women Engineers. No application materials will be returned. In order to be accepted for judging, all of the following materials must be submitted:

- Application Form: to be completed electronically.
- Transcripts: Scanned official copy of the applicant's transcript showing grades for the entire enrollment in current and/or prior college(s).
- Letters of Reference:
 1. From the Engineering Department Head, a professor, or a faculty councilor.
 2. From an individual who has personally known the applicant for a minimum of 3 years and who is not a relative to the applicant.

Evaluation and Award

Women working towards an undergraduate or graduate degree are eligible. All other factors being equal, preference will be given to an Eastern Washington resident. Financial need and academic successes will be considered but will not be a final, determining criteria. The applicant's affiliation with Framatome (e.g. internship, summer job or family member employed by the company), motivation, leadership potential and ability to follow projects through to completion will heavily influence award selection.
